

Bradford Woods Indiana

Hello, my name is Daniel Sutter. I am the Program Specialist for Therapeutic Recreation at Bradford Woods in Martinsville, Indiana. Bradford Woods is Indiana University's Outdoor Center (housed within the Recreation, Park, and Tourism Studies Department) and supported by the Riley Children's Foundation and Riley Hospital for Children in Indianapolis.

Bradford Woods operates 10 weeks of summer camp for people with disabilities and chronic illnesses. We hire a staff of 95 individuals and are **currently recruiting for the summer of 2010**.

Bradford Woods has proven to be an **excellent opportunity for students** in the field of **Speech and Language Therapy**, Therapeutic Recreation, Special Education, Pre-Med, Nursing, Allied Health, Outdoor Education, Physical Therapy, and many other areas of study. We welcome the opportunity to examine this type of partnership with the professors and students within your department.

It is my desire to build a strong relationship with programs from around the country. Therefore, it is my hope that you will promote students to apply for various positions at Bradford Woods including summer staff positions for 2010. Please read and share the information in this e-mail and the attachment with your students and other faculty. If you have any questions please feel free to e-mail or call Shay Dawson, Director of Therapeutic Recreation, sldawson@indiana.edu.

Thank you for your time,

Daniel Sutter
